

SANDY'S CIRCLE OF LIFE NOOK TABLE

Furniture | Wood | Concrete
Custom. Innovative. Handcrafted

DESCRIPTION

Made from a white oak tree that fell during Hurricane Sandy, this breakfast nook or intimate dining table is a perfect gathering place. Having sat underneath this oak many times, this tree now has new life, serving as a gathering place. Brass string inlay merges on the top, and proud brass strings add to the cohesive design on the multi-tapered legs.
